Weekly Progress Report

Name: Shashwat Srivastava

Domain: Data science and machine learning

Date of Submission:22.03.2024

Week Ending: 03

I. Overview:

This week, the primary focus was on understanding Probability and Statistics through an e-book. Additionally, efforts were made to leverage learning resources for skill enhancement.

II. Achievements:

1. E-book Familiarization:

   - Explored e-book documentation to grasp core functionalities.

   - Successfully executed basic Problems, showcasing initial proficiency.

2. Regression Analysis Project Contributions:

- Contributed code to Industrial Manufacturing and Prediction with a focus on Explore real industrial data and help manufacturing plan to be more efficient.

- Engaged in effective collaboration with team members.

3.Learning machine learning

   - Acquired proficiency in essential data collection and predicting using machine learning by training the dataset.

III. Challenges:

1. E book Integration:
   - Ongoing efforts to troubleshoot and ensure successful integration.

IV. Learning Resources:

1. E book Documentation:

   - Utilized e book official An Introduction to Probability and Statistics form official documentation for reference and troubleshooting.

   - Attended relevant webinars and online tutorials to deepen understanding.

Overall, probability and statistics play crucial roles in understanding and making decisions in the face of uncertainty in various aspects of life and academia.

"THANKING YOU"
